

"Nothing happens until something moves"

Risk Management

Manage Risk.....Protect the Force

"Nothing happens until something moves"

Department of the Army Field Manual (FM) 100-14, Risk Management

23 Apr 98

Manage Risk.....Protect the Force

"Nothing happens until something moves"

Definitions

- ★ **Hazard**: any actual or potential condition with potential to cause damage, loss or mission degradation.
- ★ **Risk**: chance of hazard or negative consequences: the probability of exposure to loss from a hazard.

"Nothing happens until something moves"

The process of identifying, assessing, and controlling risks arising from operational factors and making decisions that balance risk cost with mission benefits.

**What is Risk
Management?**

"Nothing happens until something moves"

Why Risk Management?

Benefits

- ★ **Enhanced mission accomplishment**
- ★ **Stewardship of resources**
- ★ **Improved Recruiting effectiveness**

"Nothing happens until something moves"

Principles of Risk Management

- ★ Integrate risk management into all operations
- ★ Accept no unnecessary risks
- ★ Make risk decisions at appropriate level

Focus on your METL and METT-T

Manage Risk.....Protect the Force

"Nothing happens until something moves"

1 Identify Hazards

2 Assess Hazards

**3 Develop
Controls & Make
Risk Decision**

4 Implement Controls

5 Supervise & Evaluate

The Process:

**Risk
Assessment**

**Risk
Management**

"Nothing happens until something moves"

1 *Identify Hazards*

2 *Assess Hazards*

3 *Develop Controls & Make Risk Decision*

4 *Implement Controls*

5 *Supervise & Evaluate*

Risk

- ✓ **Look for conditions that can lead to loss of resources or reduced ability to accomplish assigned tasks**
- ✓ **Look for the things that can keep you from reaching the objective with all your combat power**
- ✓ **Consider all aspects of future situations, environment, and historical problem areas**

"Nothing happens until something moves"

1 *Identify Hazards*

2 **Assess Hazards**

3 **Develop Controls & Make Risk Decision**

4 **Implement Controls**

5 **Supervise & Evaluate**

Recruiting

- ✓ **Consider all aspects of METT-T**
- ✓ **Consider all available sources for problem areas (Testing etc.)**

"Nothing happens until something moves"

1 Identify Hazards

2 Assess Hazards

3 Develop Controls & Make Risk Decision

4 Implement Controls

5 Supervise & Evaluate

Risk Assessment

- ✓ Assess hazards to determine risks
- ✓ Assess the impact of each hazard

Recruiting

- ✓ Determine the potential injury or loss
- ✓ Assess the probability of injury or loss

- ✓ Assess the severity of the injury or loss

"Nothing happens until something moves"

1 Identify Hazards

2 Assess Hazards

3 Develop Controls & Make Risk Decision

4 Implement Controls

5 Supervise & Evaluate

Risk Management

- ✓ **Develop control measures**
- ✓ **Re-evaluate until all risks are reduced to a level where benefits outweigh potential cost**
- Recruitin**
- ✓ **Develop control measures that lower the risk level**
- ✓ **Identify resources or scheduling changes that will reduce the risk level**

Manage Risk.....Protect the Force

"Nothing happens until something moves"

1 *Identify Hazards*

2 *Assess Hazards*

3 *Develop Controls & Make Risk Decision*

4 *Implement Controls*

5 *Supervise & Evaluate*

Risk

✓ **Management** place that eliminate the hazards or reduce their risk

✓ **Educate** soldiers at all levels

✓ **Integrate controls**

✓ **Execution**

✓ **Training**

✓ **Command and Control**

"Nothing happens until something moves"

1 *Identify Hazards*

2 **Assess Hazards**

3 **Develop Controls & Make Risk Decision**

4 **Implement Controls**

5 *Supervise & Evaluate*

Risk Management

- ✓ **Enforce standards and controls**
- ✓ **Evaluate their effectiveness and adjust as necessary**

Recruiting

- ✓ **Leadership emphasis**
- ✓ **Think out side the box/alternate methods**
- ✓ **Continuos evaluation of control measures and**

"Nothing happens until something moves"

"Nothing happens until something moves"

Risk management is not an add-on feature to the decision-making process but rather a fully integrated element of planning and executing operations... Risk management helps us preserve combat power and retain the flexibility for bold and decisive action.
